Diameter : 15.5

Description

Pair of waders (Heron or Egrets) in polychrome biscuit on porcelain terrace, gilt bronze mount. The biscuit is polychrome with foliage-type elements in slip. A signature in blue on the Carpie biscuit terrace, then the porcelain base with a blue mark from Capo di Monte (Italy). We notice two hairs on porcelain (perhaps at the time of the mounting of the bronze base which tightened the whole). Finally a mount in bronze and gilt brass which gives elegance to the whole.
