Description

Art Deco Ring in Solid SilverSuperb Art Deco ring in solid silver hallmarked 950, adorned with a rectangular black cabochon (probably onyx), framed by a chiseled decoration of neo-classical inspiration, with Greek geometric patterns, in the spirit of the creations of Jean Després. The edge is delicately adorned with marcasites, these small sparkling metallic stones, very fashionable in the 1930s to imitate the brilliance of diamonds. Some are slightly missing, but the whole retains all its period elegance. The openwork reverse reveals remarkable goldsmith work, with stylized lines typical of Art Deco. Dimensions: o Length: 6.5 cm o Width: 2.5 cm o Inner diameter of the ring: 1.9 cm, or a size 60 (FR) Condition: some scratches from use and partial losses in the marcasites, without significantly altering the
