Condition : Très bon état

Material : Solid wood

Description
-------------

Militaria: beautiful Drum Major's cane, wooden shaft, silver-plated metal or silver-plated brass pommel. Late 19th century. General condition: shaft showing some signs of use but in very good condition. Pommel very slightly dented in places, only visible under careful examination. A missing attachment point between the shaft and the pommel, creating a slight play between the two pieces: does not affect the solidarity of the two pieces. Beautiful collector's item. Free shipping for mainland France. Contact by email preferred. I remain at your disposal for further information or additional photos.
