

## Steel Regulator

280 EUR

Period : 19th century

Condition : Très bon état

Material : Metal

Diameter : 6,7 cm

### Description

We present this steel regulator with a back on the theme of hunting with hounds, a rider blowing a horn and the dogs (Saint Hubert) attacking a poor deer doomed to death (hallali). This watch works but the second hand wanders inside as well as the large hand. The number VIII is damaged and there is a chip in the center of the dial. Weight 189 gr (E25)
