

## Pair Of 19th Century Oak Saddle Doors

540 EUR

Period : 19th century

Condition : Très bon état

Material : Oak

Height : 234 cm

### Description

Superb and rare pair of oak saddle racks from the 19th century. They are composed of two parts, the first for placing the saddle and the second for placing the harnesses. The whole is fixed on a molded upright which itself is fixed to the wall. Solid and quality work in very good condition with its usual restoration.
