

18k Yellow And White Gold Marquise Ring Set With 1.45 Ct G Vs Diamonds

1 900 EUR

Period : 20th century

Condition : Très bon état

Material : Gold

Description

Two-tone marquisette cluster ring, crafted in 18K (750?) yellow and white gold. Its elongated, navette-shaped top features an exceptional setting: a central trio of brilliant-cut diamonds (G, VS) is set in a white gold bezel, then encircled by a scalloped yellow gold halo adorned with tone-on-tone beading and finally by an outer row of pavé diamonds for maximum sparkle. The mirror-polished white gold shoulders taper elegantly to a yellow gold sub-gallery, creating a striking metallic contrast that catches the light from every angle. Ideal as an engagement alternative, anniversary gift, or cocktail ring, this creation combines contemporary design with timeless elegance, easily transitioning from daytime glamour to evening drama.
