

Important Well Made Of Volvic Stone From The Louis XVI Period

6 400 EUR

Period : 18th century

Condition : Restauré par notre atelier

Material : Stone

Diameter : 164 cm

Height : 97 cm

Description

Important well in Volvic stone carved in the 18th century, Louis XVI period, decorated with a peripheral torus. Composed of six elements originally stapled on its upper field (two staples missing), those on the faces of the walls being reported in the 19th century. The interior diameter is 134 cm. Careful restorations carried out by our workshop. A sketch of installation, with the numbered pieces, is presented, see our last photo. You can visit our website:
