

Ivory Sculpture - Mother And Child, 19th Century German Work

3 700 EUR

Period : 19th century

Condition : Très bon état

Material : Ivory

Description

Ivory sculpture depicting a half-draped young woman carrying her son, the cherub Angelo, on her shoulder. Remarkably refined, this work demonstrates 19th-century German craftsmanship, with delicate details and a tender expression. Height: 27 cm (including base). A rare and extremely fine piece.
