Width : 78 cm

Height : 79 cm

Depth : 3 cm

Description

Fireplace plate cast at the beginning of the 18th century, between 1700 and 1729, forming a triptych with six blazons of Duke Leopold of Lorraine (1679-1729), each inscribed in a circle on a cartouche surmounted by a royal crown, in his capacity as royal highness, attributed by Emperor Leopold I of Habsourg in October 1700 and charged with five crosses of Lorraine. Plaque from an old private collection in Loisey. Its weight is 86 kg. Bibliography: - Identical plate: Fireplaces between Meuse and Rhine, Michel Rezette, 2025, to be compared with the plate p. 25, A1-24 (with probably an attribution and dating error) - CARPENTIER H., Plaques de cheminées, Tome premier, F. DE NOBELE, Paris, 1967, p. 409 no 1156. Thank you to Mrs. Christine Chazeau for her research and pugnacity
