

Important Wrought Iron Fireplace Front, Late 18th Early 19th Century

1 500 EUR

Period : 19th century

Condition : Bon état

Material : Wrought iron

Description

Provenance: furniture sales of the Château de Martinvast in Manche (50) Elegant and rare wrought iron fireplace front, featuring very fine ironwork. It consists of three panels richly decorated with symmetrical scrolls and foliate motifs. Each panel is held by a structured frame at the ends by curved feet, ensuring stability and balance. The piece is presented in its original ironwork condition, with a beautiful old black patina.
