

Large 18th Century Bronze And Copper Church Candlestick, France

1 100 EUR

Period : 18th century

Condition : Bon état

Material : Bronze

Diameter : 24

Height : 109

Description

France / 1900 / Large church Candle stick /
Bronze, Copper / Antique / Mid-century

Large copper and bronze church or alter candlestick with decorated tripod base, resting on three curled feet. This 18th century candle was cast in parts. The base was decorated with Maria, Jesus and Jozef and angels above. The fluted stem was decorated with ridges and acanthus leaves.

This striking piece with its religious history and slender silhouette creates a warm and remarkable focal point to any interior.

Candles shown in the pictures are not included. Diameter top dish: 19 cm
