Description

This salon, branded with "J&J Kohn Teschen-Austria", consists of a sofa and two armchairs in the Empire style. The beech wood of this salon is stained to imitate mahogany, giving a rich and deep color. All three elements stand on straight legs, offering a robust and clean silhouette. The backs have a characteristic gondola shape, and the uprights are turned with bronze capitals and collars, adding a sophisticated decorative touch. The seat is upholstered in a cream fabric, in used condition, decorated with motifs of bees in a crown, an imperial symbol. This salon set reflects the Empire style, known for its luxury and antique inspiration, and would be a magnificent focal point in any classic or contemporary interior seeking to incorporate historical elements. Note that the height of the
