### Description

A regal pair of Napoleon 111 earrings in 18k gold and jet. They could well be Onyx but I prefer to say they are Jet. They are light and very easy to wear. One stone has a small chip but is not easily visible. There is a double eagle head hallmark which I understand was used as a method of protection against fraud from 1847 - 1919 due to one or more stolen Hallmark Stamps. The earrings are not heavy and weigh 2.7g each. Length : 6.6cm French Hallmark for 18ct Gold Weight: 2.7g each earring Delivered with a Guarantee Invoice and in a new box. Posts free in France.
