

Han Dynasty (tl) Terracotta Statuette

650 EUR

Period : Before 16th century

Condition : Bon état

Material : Terracotta

Height : 23 cm

Description

Statuette from the Han Dynasty (- 206 BC - 220 AD) representing a subject with hands clasped in front of her. She sketches a slight smile full of compassion and tenderness. The well-drawn eyes bring a benevolent presence to this Statuette.

Accompanied by a thermoluminescence test from 2016 and carried out by the QED laboratory. This test proves the authenticity and antiquity of this Statuette. White slip terracotta, 23 cm. Full and very heavy statuette for its size. A small, very old restoration at the neck.
