Sculpture Depicting "woman In Ecstasy"

3 300 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Description

Refined 19th century bust, signed "Giuseppe Renda (Polistena 1862 - Naples 1932). Made of bronze depicting a female figure captured in a moment of intense emotional and sensorial ecstasy. The face, slightly tilted backwards, with closed eyes and half-open lips, conveys an expression of inner abandonment, almost mystical. The sculpture plays with the contrast between the smoothness of the face and bust and the rough materiality of the extremities, which appear deliberately unfinished. The work seems to emerge from the primordial matter, as if the figure were being born from the stone itself, evoking a spiritual transformation or the passage between the physical and the metaphysical. Epoch: 19th century; Origin: Italy - Giuseppe Renda; Measurements: Height 65
