280 EUR

Signature : anonyme

Period : 18th century

Condition : En l'etat

Material : Copper

Length : 7,5cm

Width : 5,5cm

Description

Beautiful portrait painted on copper, oval in shape, showing the face of a serious young girl, oriental beauty, wearing the blue Christian veil with gold edging. This veil is painted in a rough material, in contrast with her face, painted with glaze and varnished. Painter's intention was perhaps to represent the young Mary, before Annunciation.... Period late 18th or early 19th century This painting is in a discovered condition, with losses on edge, scratch on the right cheek, and this varnish a little opaque that should be lightened. 7.5cm x 5.5cm. Gilded brass frame-border This object is for immediate purchase, payable by credit card or paypal. - eclectic - antique dealers since 1970, Siret: FR 24.430113233. Invoice and Certificate are attached to each of our shipments.
