Description

Solid bronze sculpture representing a Gallic rooster with raised wings. The rooster holds in its right paw a parchment on which is written the date of the day: March 18, 1895. The document in question has been placed on a pile of books.

Juxtaposed with a laurel branch, it constitutes the proper subject of the work. It is probably the decree of reinstatement of the inhabitants of Alsace-Lorraine of the same year. The whole is placed on a stone base. Signature: H. Nelson
