Description

Beautifully sized panel carved with two dolphins pulled by a cherub, carrying a man blowing a conch, while a cherub in the sky accompanies them. This work evokes the sculptures of Clodion (sculptor from the end of the 18th century whose works are widely present in the Louvre). The panel from the second half of the 19th century is in superb condition, with a beautiful patina. Delivery to France by Colissimo with tracking: EUR45 linked to weight.
