Large Pair Of Celadon Green Napoleon III Oil Lamps

2 500 EUR

Period : 19th century

Condition : Très bon état

Material : Enamel

Height : 66 cm

Description

Important pair of oil lamps from the Napoleon III period. Superb quality, this pair of lamps is rare due to its enameled celadon green color. They are complete and have retained their rare original glassware. Indeed, they have retained their original glass tubes and globes, acid-etched and very nicely worked with garlands and floral crowns. These globes have also retained their brass rings at the top and bottom of the tube passage holes. They are assembled in several parts with their original reservoirs. They have received bronze mounts from the Napoleon III period decorated with garlands and floral motifs. Their rarity comes from their enameled celadon green color, reminiscent of the celadon color of Chinese porcelain, very fashionable at the time. This green is magnificent, much more beautiful in
