480 EUR

Period : 19th century

Condition : Etat d'usage

Material : Solid wood

Description

Beautiful Biedermeier style chair in solid and veneered cherry wood, circa 1900. The backrest has a pretty curved band at the top decorated with a diamond pattern in dark wood. An openwork bar completes the work. It rests on four saber-shaped legs. The belt is entirely veneered. The seat is caned, but we note that it has two small snags on the front edge (see photos) without any impact on the solidity of the seat.
