Description

Christofle Biarritz ice bucket/ice cubes silver plated metal complete with its removable interior. Gallia and OC rider hallmarks on both pieces Very good condition Height: 13.5 cm (excluding handle) Top diameter: 12.5 cm This ice bucket of the "Biarritz" model was proposed by the Parisian goldsmith in the 1950s within its Gallia collection. Its name evokes the seaside resorts of the coast and other holiday places which are increasingly developing in the after-the-war and summons festive and summery imaginations where ice comes to refresh drinks
