Description

The madness of a 20th century decorator "bling-bling", expensive restoration of a bidet seat, which became the center of all eyes. The original body was sculpted, which is very rare, he kept this original Nevers earthenware bowl, (good condition, 2 small chips), he upholstered eat and back with these Aubusson verdure tapestries, entured one or two feet, reinforced the rear feet, (which remain fragile however) That is therefore the object of curiosity that I present to you this evening: a surrealist bidet, which was very appreciated, and also by worms, (but it has been treated).. Condition: a little surrealist too, traces of worms, metal reinforcement, various repairs, threadbare tapestries. I do not recommend its use..... 82cm x 62cm x 34cm This lot is for immediate purchase, payable by credit card or
