

Monstrance Reliquary - Circa 1700

2 250 EUR

Period : 18th century

Condition : Bon état

Diameter : 12

Height : 37

Description

In silver-plated bronze, our antique monstrance rests on a circular base with engraved decoration of the Holy Shroud and the instruments of the Passion. The ovoid knot is decorated with plants. The cup is surmounted by a canopy with fluted columns supported by angels and above which are holy figures. The dome of the canopy is topped with an ethereal representation of Christ. A fine work, probably German from the end of the 17th or the very beginning of the 18th century. Dimensions of 37 cm by 12 cm in diameter, an interesting hidden symbolism because the 37 in gematria is the number of Wisdom and the 12 refers us to the Old Testament as well as the New. Good condition
