Description

Important and beautiful art-deco chandelier in pressed-molded glass by the Muller brothers. Everything is entirely original for this pretty chandelier typical of the art-deco period with these 3 tulips and this central bowl in slightly salmon-colored molded glass with stylized decoration of foliage interspersed with bubbles. The original mount is taken up these wrought iron leaves on the bowl, halfway up and on the bail cover. The chandelier has been completely deoxidized. The whole is in perfect condition, no chips, not even on the tightening neck of the tulips. The bowl is signed, "Muller Frères Lunéville" molded into the decoration (see last photo). 98 cm high, the 3 tulips in a circle of 50 cm Beautiful art-deco chandelier, in impeccable condition!
