Description

Beautiful 1900 desk lamp with Daum tulip and wrought iron base, parrot tulip shape. Very good quality of the whole for this 1900 table lamp. Pretty and rare Daum tulip in water green powder, threaded and scalloped edge hot with the clamp. It is associated with a beautiful wrought iron base with 3 scrolls and finely hammered Ginko leaves. Isn't it reminiscent of the work of Edgar Brandt? The shaft is slightly curved and hammered as well. The tulip rests on a gilded bronze claw to enhance the whole. The lamp resembles a parrot tulip. 35 cm high, perfect condition, zeppelin button and period plug. Very beautiful art-nouveau lamp, to place on a nice piece of furniture!
