

Saint Sebastian, Wooden Sculpture From The 17th Century

1 750 EUR

Period : 17th century

Condition : Etat d'usage

Material : Painted wood

Width : 26

Height : 114

Description

Sculpture in the round, representing Saint Sebastian, work of the 17th century. He is represented with his hands tied behind his back on a tree trunk with ropes, pierced with (missing) arrows symbolizing his martyrdom, the body is sculpted in a slight attitude called "a contrapposto", one of the legs carrying the weight of his body, which gives a more "lively" impression to this sculpture. Important polychromy restorations,
