Description

We offer you this splendid and sophisticated side table, made in Italy around the end of the 19th century during the Napoleon III period. Made of elegant walnut wood, the upper surface in elegant red marble has a particular shape called "bean". Its lines are simple but refined, it has a second small surface at the bottom. The bronze frames give a particular decorative accent. From a functional point of view, its small size allows it to be easily integrated even in small spaces.
