Description

A Louis XIV-Régence chest of drawers in rosewood marquetry in light rosewood frames. Opening with three drawers on three rows, it is topped with a very beautiful Breccia Pernice marble (Italy) and it has beautiful finely chiseled gilt bronzes. It is suitable for daily use without any problem. It should be noted that its very reasonable price takes into account the fact that, although from the 18th century, the gilt bronzes, marquetry and marble are from the 19th century. (The frame and the drawer bottoms are indeed from the 18th century.)
