

Platinum And Diamond Flower Ring

4 650 EUR

Period : 20th century

Condition : Bon état

Material : Platinum

Description

Very important flower-shaped character ring.
Platinum 850 thousandths (mascaron hallmark).
Set in its center with an old-cut diamond of approximately one carat, surrounded by 2 festooned crowns paved with 45 small old-cut diamonds. The main diamond is very "clean", no inclusions visible to the naked eye. It has a micro chip on the girdle, very very barely visible. It weighs 15.7 grs. The finger circumference is openwork for more lightness to the ring. TDD 53
