### Description

Large vintage 60s sideboard that can be dismantled In good condition, very little worn, one door corner is a little crushed and a glass shelf on the right, the only one in fact, is broken in two. Everything else looks good! Patina to be redone if you want, it will be all to be reassembled by yourself.. I will completely disassemble it with its internal screws and it will tighten everything in boards to be reassembled. To disassemble it You must remove the top first - after the bottoms are clipped nested on each side inside and it is not visible ... lift these panels by 1 cm from below with a hard metal blade and remove them backwards while keeping them straight! quite a technique ..... then gradually remove the vertical panels by turning the round gray screws in the wood by 1/4 To assemble it, it
