Description

Antique linen thread sheet, embroidered MC monogram. Slightly grayed canvas (original). The canvas is soft and cool to the touch. A real delight to sleep in beautiful natural materials, the canvas is soft and particularly pleasant because these sheets are cool in summer while being warm in winter, without being heavy. These sheets are also used a lot as tablecloths, because they are generally large, ideal for large tables with a good fall on each side (as visible in the photos) dimensions 220 X 290 cm good condition
