Set Of 4 18th Century Shaving Dishes

650 EUR

Period : 18th century

Condition : Bon état

Material : Earthenware

Description

Set of 4 earthenware shaving dishes from the 18th century. One of them is from the 18th century Nivernais and is decorated with a seated smoker, the other 3 are simpler and are in blue tones. One includes a repair with staples on the back. The set is decorative and harmonious and in good condition for the most part given their age.
