Description

This 1950s brass floor lamp was made in Spain. Decorative and practical, with its candle-shaped design and scrollwork details. We had it remade for the UK with a bronze twisted flexible cable. We can adapt it for any destination; please contact us for more information. Please see the photos to see where the flexible cable attaches to the lamp, thanks to the solid column. As you can see, the brass is patinated; we can clean it further if you prefer a shinier finish. Pictured with a vintage wicker shade.
