

## Rare Pair Of Green Opaline Vases Enhanced With Gold - Charles X Period.

4 700 EUR

Period : 19th century

Condition : Très bon état

Material : Opale

### Description

A rare pair of green opaline vases, finely decorated with fine gold-plated floral motifs. From the Charles X period (circa 1825-1830), these refined pieces measure 37 cm in height. Their slender silhouette with flared neck rests on a circular pedestal, highlighted with gilded threads. The contrast between the bright green and the gold enamel highlights the decorative refinement typical of the first half of the 19th century. A fine example of French glass art from the Romantic period.
