### Description

Mother-of-pearl candelabra, Turkey, first quarter of the 20th century. Bronze, mother-of-pearl, lapis lazuli, abalone, onyx. h. 27 cm, base diameter 12 cm. These two candelabra, embellished with mother-of-pearl and lapis lazuli, are a refined example of a Wunderkammer object. The shape and decorative motifs are not reminiscent of known examples, suggesting a Western collector commissioned the work from a Turkish manufacturer.
