### Description

A paperweight ball...The name of the model is "cascade"...From the 1970s...I will try to be more precise in a while...!From the ORREFORS factory - SWEDEN...The glassmaker Mr. OLLE ALBERIUS...In clear crystal...With hot work inside...With a bubble well...A gold rim...And with 5 cut ribs...Has its original label and box...The ball is wheel-signed with some numbers (see the photo)...A beautiful object...For your information, I happened to be in this glassworks the day after it reopened...After a few years of closure...It was in August 2015...I have very fond memories of it...!Weight...982 gr
