Description

This Art Nouveau biscuit bucket, circa 1880-1910, is in very good overall condition. It does not bear a signature, but it is a typical work of the famous glassmaker François Théodore Legras who did not sign all of his creations. The metal parts (silver-plated pewter) have some minor wear from time. The lid is probably not original, it fits well, with a slight play. The glassware is in perfect condition. Height with its lid: 17 cm. Fast, careful and very secure shipping, free for France.
