Description

Shamelessly but respectfully, we delve into Angela's notebooks page after page... She even had to draw up her family tree at school... to prove her Aryan lineage... You never know. She kept correspondence stamped with the image of her Fuhrer. Under the teacher's dictation, she wrote her history texts... She was convinced, he was her savior... Zich heil... We can clearly see the undermining and standardization of the thinking that was instilled in her... What happened to Angela next? A batch of school notebooks from a child, born at a bad time.
