### Description

Elegant enameled porcelain vase, signed Tharaud Limoges, made around 1950/1960. Rare model decorated with stylized flowers in shades of intense blue, treated in the technique of so-called "flamed" or "molten crystallization" enamels, offering a cloudy and organic effect of great modernity. The soberly curved shape and the work of the enamel clearly evoke the decorative aesthetic of the post-war period, in the spirit of French design of the 1950s, at the crossroads of Japanese influences and modernist ceramics. Signature under the base: Tharaud Limoges France, referenced model. Perfect condition. Original shiny enamel, without any chips or cracks.
