Description

A very fine Art-Nouveau period belt buckle decorated with interlacing foliage and flowers in the 'noodle' style. This charming model is richly decorated in silver-plated metal and resolutely Art-Nouveau floral motifs, centred on a medallion with a contoured edge decorated with a bust portrait of a young woman, a flower woman with evanescent hair mingling with roses in bloom. The beautiful creature holds a rose whose perfume she smells, a rose branch judiciously placed in front of her chest delicately hides the tip of her breast.
