### Description

Rare and precious box signed Boucheron, Paris, crafted in finely chiseled silver with pierced gold floral decoration and cabochon-cut gemstones (likely amethysts). Inside, it bears the engraved serial number: 78.992 / BT N° 815.012. The hinged lid features an intricate geometric guilloché pattern, framing a delicate floral design in openwork gold. A swirling musical staff winds through the composition, engraved with notes and adorned with six gemstones set in stylized flowers, creating a unique visual harmony. Opening the box reveals its multifunctional purpose: not only was it likely used as a luxurious snuffbox or vanity case, but it also includes a small ivory plaque, intended for jotting down lists, notes, or appointments--possibly using a graphite pencil.
