Description

Blank page syndrome, today I don't know what to say about this superb old taxidermy... A beautiful iguana destined to take pride of place in a cabinet of curiosities. You can also come and find us at the antique fair in Saint Méloir des ondes on August 9, 10 and 11. Beautiful place, beautiful people working for a good cause (research to overcome cystic fibrosis). We eat mussels and fries there and come and buy beautiful things at stand A4... We look forward to meeting you there.
