1 600 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Diameter : 13,4cm

Height : 27,5cm

Description

Pair of ormolu candlesticks , Empire period - early 19th century, 1810s. Rich palmettes decoration, they are made of 3 independent pieces, . A curious model, the structure recalls the Regence style, while the stylistic decoration is completely Empire. This is not a French work, but more likely a high-quality Russian or Swedish production. Beautiful piece for amateurs and collectors. In Very good condition: no accident. Well-preserved original mercury gilding. Height: 27.5cm Diameter: 13.4cm
