### Description

This 18 kt gold ring, of modern manufacture, features an antique yellow agate intaglio depicting a draped female figure standing beside a palm branch -- an image rich in classical symbolism, possibly alluding to peace, virtue, or commemoration. The intaglio, finely carved in neoclassical style and likely dating to the late 18th or early 19th century, evokes the taste and collecting spirit of the Grand Tour era, when classical antiquity inspired art, jewelry, and culture across Europe. A refined and elegant jewel that combines the timeless charm of the past with the clarity of modern design -- a wearable piece of history.
