Description

Important Directoire period railing, forged in the 18th century, in very good condition, the whole is riveted and mounted half-iron. An upper frieze is decorated with diamonds punctuated by rosettes under which uprights display identical motifs typical of this period. Two inverted volute jambs ensure its stability. The dimensions of its three panels are twice 254 cm and in the center 196 cm easily adjustable if necessary. The bars have a diameter of 18 mm, the frames with a section of 23 mm² are topped by a handrail with a section of 40 x 10 mm. You can visit our website: www.claudeaugustin.com
