Very nice whistle, in carved wood, nice patina of use and time. It takes the shape of a buffalo in the upper part, is pierced on each side in the central part, and ends in the shape of a palette in the lower part. Well in the hand, it whistles well, when you have found the angle to use it. Very good condition, I still noted a tiny chip on the edge, and pronounced wear on the central part. Thank you for looking carefully at my detailed photos, I am not hiding anything! African work, Burkina Faso, Mossi ethnic group, dating from the first part of the 20th century. Dimensions: H30cm x 7x 3cm. SHIPPING CONDITIONS BELOW FREE shipping in France, European Shipping and payment only, please send me a message.. I don't send out of Europe anymore, and no payment out of Europe too!! Contact:
