

Vintage Children's Toy: Furniture And Tableware From A Post-war Italian Kitchen

230 EUR

Period : 20th century

Condition : Etat d'usage

Material : Painted wood

Description

This miniature kitchen is so rich in detail that it stands as a genuine testimony to what a kitchen in Italy might have looked like after World War II. It includes two cupboards, pots and tableware made of aluminium, terracotta and plastic; a chopping board, a cheese grater, a "mattarello"--the traditional wooden rolling pin for flattening dough--and even two shoe brushes.

Everything is entirely handmade. A small masterpiece of craftsmanship and ingenuity.
