Description

We are thrilled to present this fantastic pair of antique Italian bookcases dating to the final decades of the 19th century. A stunning pair of bookcases with a timeless antique charm! Crafted from walnut in a beautiful warm hue, they're easy to match with any decor color. Featuring a very linear structure, without excessive ornamentation, a small carved decoration on the front softens the linearity. They feature two glass doors and a practical drawer at the bottom for additional storage. Inside, they feature three shelves for ample storage space for your books. While we believe they're perfect for furnishing an office, these bookcases can be admired in any room of the home. Consider using them to store your books or as display cases for your private collections of ceramics, silver, or other precious

objects. In terms of conservation, they've been restored with a conservative approach that allows them to be immediately placed in your home while maintaining their historic features. Please note that you will receive two very large packages because the two bookcases cannot be disassembled. Please check the accessibility of your home before purchasing. Packages will be delivered flat packed. We can ship worldwide; however, due to the large size of the packages, we recommend contacting us for a personalized quote based on your destination.
