Description

Upper part: The top of the lamp is composed of an orange cylindrical element made of aluminum with several chrome-plated metal rings that give a shiny and elegant finish. The top is rounded, creating a shape reminiscent of a chess piece or a stylized architectural piece. Lower part: The lampshade is made of opaque white plastic, in the shape of a hemispherical dome, which diffuses the light in a soft and even way. Dimensions: 34 x 52 (100) cm Good vintage condition, signs of wear, visible on the photos
