Okimono Japan 1900 Bone

880 EUR

Period : 20th century

Condition : Très bon état

Width : 20cm

Height : 42cm

Depth : 17cm

Description

Large Japanese okimono made of assembled buffalo bone and veneer on a wooden core. Depicting a barefoot peasant, standing on a rock, holding his double gourd and carrying a bundle on his back. Work from the 1920s. Details and four-color engravings on the garment. Good condition and large size. Perhaps sold with its 65cm high XIX presentation globe.
